MS817dn

Unison

High speed and volume to support large workgroups

When you have a printer supporting 10-20 busy people, you need the speed, input capacity and output volume provided by the MS817dn. With print speeds up to 52 pages per minute, input capacity expandable to 4,400 sheets, an optional High Yield cartridge that produces up to 25,000 pages, built-in two-sided printing and recommended print volume of up to 50,000 pages per month, this device can handle even the busiest office.

Keeps jobs moving. Faster.

The MS817dn improves your print speeds by taking advantage of its 512MB of memory (upgradable to 2.5GB), dual-core processor and Gigabit networking. It can produce your first page in as little as 4.8 seconds.

Up to 52 ppm

Mobility

6 cm display

Security. Confidential Print. Mobile print capability.

Extensive network security features and protocols protect your device, information and network from unauthorised access.

Keep your sensitive documents safe by enabling the Confidential Print feature, which requires entering a customised, unique PIN on the device's keypad before the document can be printed.

Print from mobile devices using an optional Wi-Fi adapter or Lexmark's free Mobile Print app.

Makes document production easy

Produce presentation-ready documents with optional finishing features, such as stapling and hole punching.

The bright 6 cm color display lets you easily configure even complicated jobs.

4-year Guarantee

Given the choice, wouldn't you prefer to buy a device that protects your investment with a guarantee? The affordable Lexmark MS817dn is so well made, we back it with a guarantee that covers repair actions including the cost of spare parts if they are needed in the first four years*. The guarantee also offers you free 24hour online support and access to technical support by phone during working hours.

High Yield cartridges produce up to 25,000 pages

Available High Yield cartridges produce up to 25,000 pages and never require shaking, which minimises interruptions and reduces cost per page. The Lexmark print system and Unison™ Toner ensure consistent print quality throughout the life of the cartridge to prevent wasted prints.

User-friendly

The MS817dn is simple to install, easy to use and offers full compatibility with nearly every operating system and network, so you'll be up and running in minutes. It's built to last, so you'll easily be able to print up to 50,000 pages per month, thanks to our state-of-theart paper handling technology and long-life consumables.

Lexmark's Mobile Print app for iOS and Android devices provides a simple and consistent user experience for printing from mobile devices. It features simple printer discovery and mobile print options.

A front USB port lets you print PDF and other image files directly from a flash drive and store scanned documents.

Eco-friendly

Built-in two-sided printing reduces paper use. The instant warm-up fuser saves energy and delivers the first printed page as fast as 4.8 seconds. Select an energy-saving mode (Quiet, Hibernate or Eco) to automatically minimise noise and energy consumption.

Through the Lexmark Cartridge
Collection Program, Lexmark offers a
free and easy way to return your empty
cartridges for sustainable recycling
or remanufacturing.

¹Average standard page yield value declared in accordance with ISO/IEC 19752. ²"Recommended Monthly Page Volume" is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage. ³"Maximum Monthly Duty Cycle" is defined as the maximum number of pages a device could deliver in a month using a multishift operation. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs. ⁴Printers are sold subject to certain license/agreement conditions. See www.lexmark.com/printerlicense for details. ⁵Actual Yield may vary based on other factors such as device speed, paper size and feed orientation, toner coverage, tray source, percentage of black-only printing and average print job complexity. ⁶Print and copy speeds measured in accordance with ISO/IEC 24734 and ISO/IEC 24735 respectively (ESAT). For more information see: www.lexmark.com/ISOspeeds. ⁷Product functions only with replacement cartridges designed for use in a specific geographical region. See www.lexmark.com/regions for more details.
